

New From Speedo®

Do you think that an Elite swimmer and an 8 – year old girl on the local swim team should wear the same size suit?

Although the obvious answer is “No,” the performance swim industry has been operating under that assumption for far too long. A '28' was a '28.' Period.

Now Speedo is launching a revolutionary update to our youth performance sizing to ensure that every swimmer gets the best fit possible.

No More Baggy Buns

Traditionally, female youth performance suits have been a sized down pattern of the adult style. Young girls ended up with a swimsuit being too tight across the back, and too baggy in the buns.

The Solution

In both Endurance®+ and Extra Life Lycra®, Speedo® youth performance is specifically fitted for young female swimmers and offered in a dual sized range showing the youth clothing size and the youth racing size. The range is 6/22, 8/24, 10/26, and 12/28. In some select key team swimsuits, we also offer a 4/20.

The Adult racing will be sized from 28 to 40 (42 and 44 in core styles). These adult 26, 28 and 30 swimsuits will be the original racing cut, more suited to the serious competitive female swimmer.

SPEEDO: Female Youth Racing Swim Suits					
Size - Endurance®+		22	24	26	28
